Francesca:

I think the Determination looks good. I have made some minor edits, some of which will facilitate Martha's editorial review.

For the sake of all, I started my review by accepting all of the prior changes suggested and then made my additional changes in track changes mode to ease others' review.

Thanks to all,

Kevin

Hi everyone –

Thank you for your patience as we worked through this draft. I am grateful for your discussion and feedback. I believe I have captured all your comments. Please take a look at the report and confirm that I have or add additional changes in track changes. I am hoping they are minor. This has not been edited by my eagle-eye editor, Martha Otto, Ex. 6 - Personal Privacy so please look past any typos or misplaced punctuation I may have inadvertently introduced and rest assured she will look at it before it goes out. Once the report is satisfactory to everyone, I will redraft the letter but I thought that getting the report right first made sense.

Thank you!

Francesca
